Tape Diagram and Model Drawing
Problem Solving, Addition and Subtraction
(4.NBT.4)

Directions: Solve the following word problem using numbers, pictures (model drawings), and words. 😊

Rita was thinking of a number. She told her friends that if you subtracted 175 from her number you would be left with 89. What number was Rita thinking of?

Answer: _____

Name _____

Date _____

KEY

Answer: Mystery Number

89

175

$$175 + 89 = 264$$

The number Rita was thinking of was 264.

Check: $264 - 175 = 89$
