**Division - On a Place Value Chart Part 2**  
*Word Problems (4 digit by 1 digit)*  
 (4.NBT.B.5, 4.OA.A.2)

**Directions:** Solve the following word problem. **Show your work** using numbers, pictures (Place Value Chart), and words. 😊

② Euclid the monkey loves equal groups and writing poems about banjos. He has written 1,235 banjo poems and wants to publish them in three books. He plans to put an equal number of these poems in each book. How many banjo poems will be in each book? How many poems will be left over?
